

SolarWise Production Units – Transfer

Production Units purchased at a discounted amount under the Sunna Project program cannot be transfer unless the new Service Address also has an electric water heater installed and is part of SWCE’s Storage Water Heating program.

For all Production Units purchased at full price:

1. If you are moving within SWCE’s service area you may transfer your subscription of Solar Production Units to your new Service Address.

2. If you are moving out of SWCE’s service area, you may:
 - Transfer your subscription to another member with a service address in SWCE’s service territory.
 - Transfer your subscription to the member moving into your existing home.
 - Sell your subscription to another SWCE member. SWCE does not participate in the sale.
 - Notification of these changes must be made at least 30 days prior to the proposed effective date.

To assign your Production Units to another individual:

Your name: _____

Current Service Address where the Production Units are applied:

Name of the individual or entity to assign the Production Units to: _____

Service Address to assign the Production Units to:

Requested effective date of transfer: _____
(Transfer will take effect at the next billing, after receipt of this form.)

Signature: _____

Date: _____

Only forms with the original signature will be accepted by SWCE.
