

Pool heaters and pumps Have fun in the sun and save.

HEAT-PUMP POOL HEATERS

Heating your pool is important, especially if you live in cooler climates. For the majority of pool owners, a heating system is necessary to ensure comfortable swimming temperatures.

Heat-pump pool heaters are one of the most cost-effective ways to heat your pool water. Swimming pool heat pumps are actually very similar to central air conditioning systems. Whereas air conditioners draw warm air from inside your home and push it outside, swimming pool heat pumps draw warm air from outside your pool and use it to heat your pool water.

A pool air-source heat pump (ASHP) can maintain comfortable water temperatures for either outdoor or indoor pools, and is four to six times more efficient than electric boiler systems. SWCE offers a rebate of \$200 for a new ASHP pool heating system or for the replacement of an electric resistance pool boiler system to an ASHP.

ENERGY STAR® POOL PUMP VARIABLE SPEED MOTORS

Pool pumps that have earned the Energy Star rating are independently certified to save energy and save you money.

Conventional pool pumps use the same pump speed regardless of the task assigned, wasting energy. Filtration, which is what pool pumps are predominately used for, requires half the flow rate of pool vacuuming. Using much less energy through lower speeds, ENERGY STAR certified, variable speed pool pumps use 70% less energy than standard pool pumps, run quieter and prolong the life of your pool's filtering system.

Variable speed pumps have the ability to adjust automatically using pressure sensors, and can also be scheduled through built-in automation systems to align with pool usage patterns. SWCE offers a rebate of \$100 on any new ENERGY STAR qualified variable speed pumps.

WHO CAN PARTICIPATE?

To qualify for this rebate, you must be a member of SWCE, live in the cooperative's service territory, and meet the specific requirements of the rebate.

CONTACT US

To save more energy and money, call SWCE at 507-451-7340.

// Many pool owners don't realize how much energy is used by their pool pump and heater. A new ENERGY STAR® qualified pool pump and/or air source heat pump heater could save hundreds of dollars each year.

Pool Pumps – Variable Speed and Pool Air Source Heat Pumps

Rebate Application

MEMBER INFORMATION

Name _____ Account # _____

Address _____

City _____ State _____ ZIP _____ Phone _____

Member Type Homeowner Landlord Builder Renter Other

EQUIPMENT INFORMATION

Variable Speed Pool Pump - \$100

Applies to ENERGY STAR rated variable speed and variable-flow pumps.

ENERGY STAR rated (if packaging does not confirm rating, verify the pump is ENERGY STAR rated at energystar.gov)

Manufacturer _____

Air Source Heat Pump Pool Heater - \$200

Pool air source heat pump heaters must be tested to AHRI 1160.

Manufacturer _____

C.O.P. Rating (minimum 5.0) _____

Rebates are available only for the purchase of new ENERGY STAR variable speed and pool air source heat pumps. Rebate submittal must follow the guidelines as outlined by the cooperative. The cooperative is not responsible for inaccurate information supplied by appliance dealers. Rebates will be issued only for products on the current list of ENERGY STAR rated products as of the purchase date. ENERGY STAR occasionally removes products from qualifying lists, and the cooperative will not rebate products that have been delisted as of the purchase date or are mislabeled as ENERGY STAR. To verify ENERGY STAR certification for ductless air source heat pumps, visit <http://www.ceedirectory.org/ceedirectory>. Rebate program is subject to change or cancellation without notice. Call the cooperative to verify rebate program status.

IMPORTANT:

- Limit of one rebate each per member account.
- Equipment must be installed within cooperative's service territory.
- Fill out this form completely. Incomplete forms will not be processed.
- Include your account number.
- Submit completed rebate form and a copy of the original sales receipt within 90 days of purchase date to:
 - SWCE
 - PO B0x 485
 - Owatonna, MN 55060
